

Bio

My experiences are a testament to my ability and skills. With a well-rounded background, I'm not only a professional but a determined individual that will stop at nothing to be the best. As a double major in [Interactive Design](#) and [Web Development](#), I produce beautiful imagery with an emphasis on detail and efficiency.

Professional Qualifications

3 years in web development / school, self taught, and professional
Passionate about developing the best team and increase work flow
